

A week of plant-based eating

Simple meals. Less daily guesswork. A rhythm you can make your own.

Good food. A little structure.

Seven breakfasts, seven lunches and seven dinners, with everyday ingredients and a practical plan for leftovers.

Made for you by Shannon at Balance.

Start on any day. Repeat the meals you enjoy. You do not need a perfect week to get something useful from it.

Make this week yours

ONE PERSON, FLEXIBLE PORTIONS

Breakfast and lunch serve one. Every dinner makes two portions: one tonight and one for lunch tomorrow. Day 7 leaves an extra portion for Day 8 or the freezer. Cups are 250 ml; tablespoons are 15 ml. Grain weights are dry; bean quantities are drained.

EAT ENOUGH FOR YOUR DAY

These are starting portions, not calorie targets. Add more rice, pasta, bread, potatoes, beans or tofu when you need more food. Snacks are optional additions, not a limit. Let hunger, activity and comfort guide adjustments.

BUILD A USEFUL FOUNDATION

Choose calcium-fortified soy milk and yoghurt and check labels for B12. A vegan diet needs a reliable B12 source; ask a dietitian or pharmacist about suitable supplementation. Calcium, iodine, vitamin D, iron and selenium also deserve attention. Include the daily ground flaxseed listed in breakfast.

SWAPS THAT KEEP IT SIMPLE

Use rice instead of couscous or wheat pasta if needed. Swap peanut butter for a suitable seed butter. Soy, wheat, sesame and peanuts appear in this guide: check all ingredients for your allergies. Gluten-free or soy-free changes may need extra planning.

A GENERAL GUIDE

This is meal inspiration for adults, not an individually assessed nutrition prescription or a guarantee of weight loss. If you need a therapeutic diet, or are pregnant or feeding a child, have it adapted by an accredited dietitian.

Lemon tofu rice bowls

Dinner makes two portions / 30 minutes approximately

BREAKFAST | SERVES 1

Berry overnight oats

Mix 60 g oats, 200 ml fortified soy milk, 100 g soy yoghurt, 100 g berries and 1 tbsp ground flaxseed. Refrigerate overnight, or cook the oats and add the toppings.

LUNCH | SERVES 1

Chickpea crunch wrap

Mash 120 g drained chickpeas with 1 tbsp soy yoghurt and a squeeze of lemon. Fill 1 large wholemeal wrap with the chickpeas, 1/2 grated carrot and 1 handful spinach. Have 1 apple alongside. Freeze the unused chickpeas from the can for a later meal.

DINNER | INGREDIENTS FOR 2

400 g firm tofu; 150 g rice; 300 g broccoli; 1 carrot; 1 tbsp olive oil; juice of 1/2 lemon; 1 tbsp tahini; 2 tbsp water; pepper.

COOK

Cook rice according to the packet. Cube tofu and cut vegetables. Toss with oil and pepper; roast at 200 C for 20-25 minutes until hot and golden. Mix lemon, tahini and water into a dressing. Divide everything into two portions.

OPTIONAL SNACK

Choose fruit with a handful of nuts, soy yoghurt, roasted chickpeas, or toast with peanut butter. Add more food if you are still hungry.

SAVE A PORTION: Refrigerate the second portion for tomorrow's lunch.

CHECK BEFORE SHOPPING

Quantities cover all seven days plus the extra Day 7 dinner portion. Buy the nearest pack size.
Freeze unused coconut milk and the spare chickpeas; choose extra fruit, yoghurt, nuts or bread for snacks as needed.

Keep the good bits going

A SMALL HEAD START

Set out oats, flaxseed and breakfast toppings. Wash vegetables. Make Day 1 overnight oats. Label containers with the meal and date. You only need to cook the next dinner, not seven days of food at once.

LOOK AFTER YOUR LEFTOVERS

Cool cooked food quickly in shallow containers and refrigerate at 5 C or colder. Use this plan's leftovers the next day. Keep rice cold too, and reheat hot meals until steaming throughout. Do not leave cooked meals sitting out while you wait for them to cool. Food out of refrigeration for under 2 hours can be refrigerated again; between 2 and 4 hours, use immediately; over 4 hours, discard. Time out of refrigeration adds up.

MAKE A NOTE OF WHAT WORKED

Which meal was easiest? Which kept you satisfied? Where did your day need something more convenient? Those details are more useful than trying to follow every line perfectly.

A LITTLE HELP MAKING IT FIT

Message Shannon with the meal you liked, or the bit that did not fit your day. If you want help matching your food and training to your goals, we can talk through whether coaching would suit you. The guide is yours either way.
